What is the Return on Investment?

Relief for the businesses lost to the fire on H street, clean up and beautification to make downtown more attractive

Seasonal Impact

This is a shoulder season event with people from out of town who loved and support these businesses will travel to attend

Feasibility & Track Record

The Arcata Chamber has a proven track record with not only funds from the ALA, but with the community as a whole

Innovation & Uniqueness

This is compelling as these businesses that were lost were beloved to the community

How will you define success with your project and ensure sustainability?

The success will be defined by the funds raised for these businesses. There is currently rubble on H street, and these funds could possibly lead to funding beautification projects that will make downtown more attractive to tourists.

Room Night Strategy

This is a full weekend event to encourage people to stay in town

Has this project or idea been successfully tried elsewhere?

This is the first of it's kind

Proposed Budget

\$1500 for outside marketing

Certification

- Yes, I certify
